Principal

Dr. Walter Quinn

In this, our 25th year of existence, our students at Willis Jepson have been very successful both in curricular and extra-curricular accomplishments. It is a great pleasure for me to have been associated with so many fine students, parents, and staff. All of us have accomplished goals which would have been very difficult if it had not been for the mutual support we have all shared with each other.

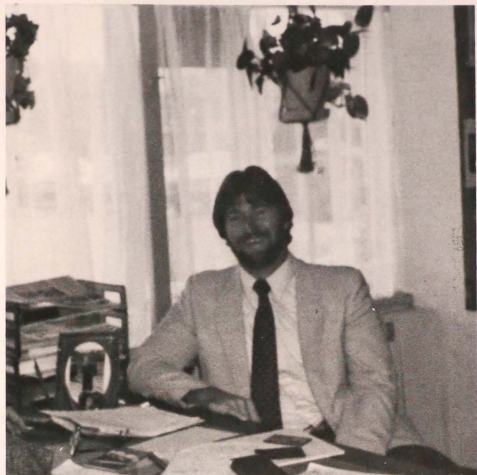

Thank you, and I wish you all the best summer possible.

Sincerely,

Dr. Walter Quinn
Principal.

Vice Principal

Mr. Wally Holbrook

For the past twenty-five years students have looked upon their experience at Willis Jepson Junior High with a deep sense of pride and tradition. Those students, 25 years ago, who were fortunate enough to help establish many of the fine traditions we all still hold so close to our hearts are now pillars of our community. Students attending Jepson this year can be proud that they have carried on our fine tradition of the pursuit of excellence in education. Congratulations to all for a fine school year.

Sincerely,

Mr. Wally Holbrook
Vice Principal
